

PINNACLE
TREATMENT CENTERS

ANNUAL REPORT

- 2024 -

Residential, Outpatient & Medication-Supported Recovery

Our Mission

To make recovery possible by transforming lives, communities and the families we serve with treatment that works.

Our Vision

We envision a better world where lives and communities are made whole again through our comprehensive treatment of people with substance use disorder.

Because we put our patients' recovery first,
Pinnacle Treatment Centers is committed to
doing whatever it takes to help them on their
journey toward healthier, happier lives.

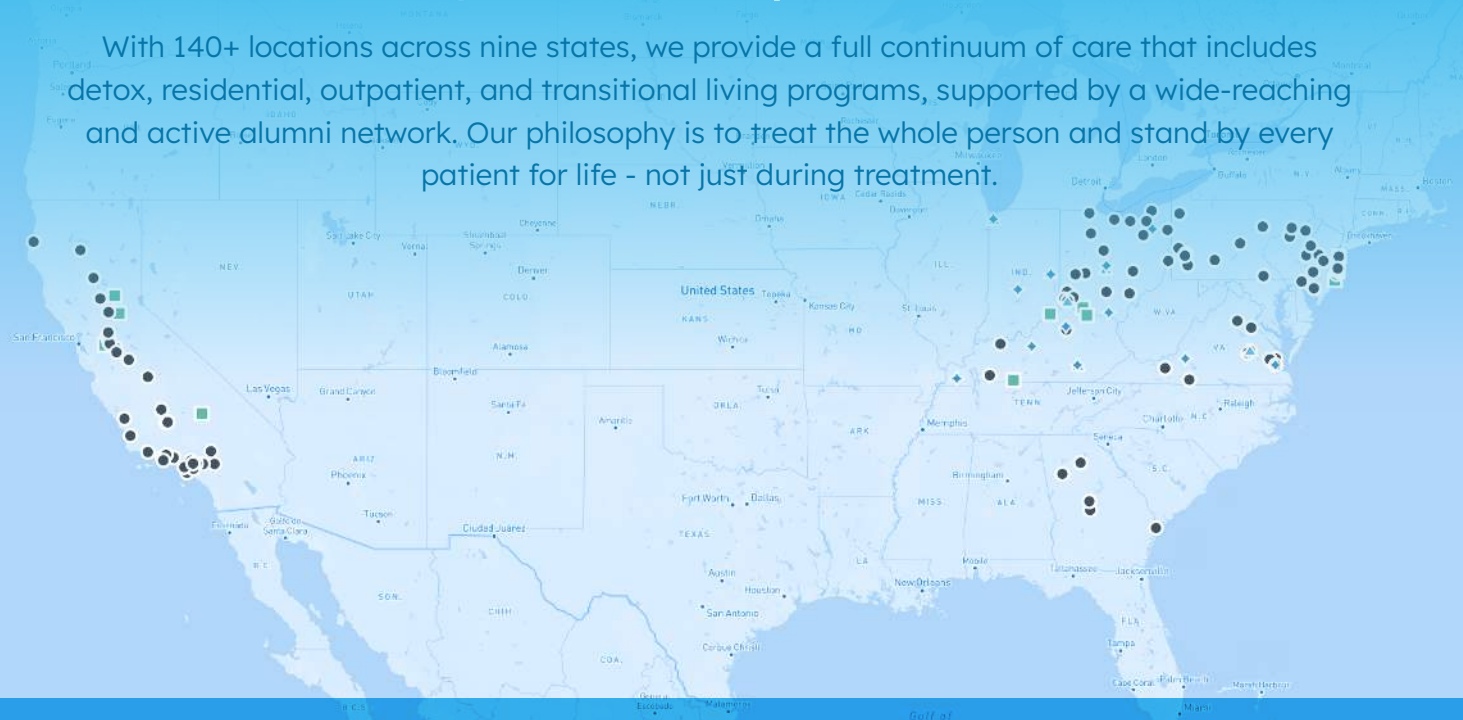

We provide a full continuum of community-based
care, from medication-assisted treatment and

Our Approach To Lasting Recovery

residential programs to outpatient and alumni
programs. We innovate, trying new tools and
treatments and keeping those the evidence
says works. And we partner with regulators
and payers to ensure both patients and
communities have the services they need.

The Pinnacle Treatment Centers Network treats over 35,000 patients daily across nine states.

With 140+ locations across nine states, we provide a full continuum of care that includes detox, residential, outpatient, and transitional living programs, supported by a wide-reaching and active alumni network. Our philosophy is to treat the whole person and stand by every patient for life - not just during treatment.

WE TREAT PATIENT'S PHYSICAL, EMOTIONAL, SPIRITUAL, AND PSYCHOLOGICAL WELL-BEING.

Pinnacle Treatment Centers facilities are either CARF accredited, Joint Commission accredited, or seeking accreditation, with decades of delivering positive, life-changing outcomes for patients, families, and communities. Our team of credentialed physicians, nurses, clinicians, and administrative and support staff provide a full continuum of quality care that includes detoxification for residential and outpatient clients as well as transitional living programs.

We are:

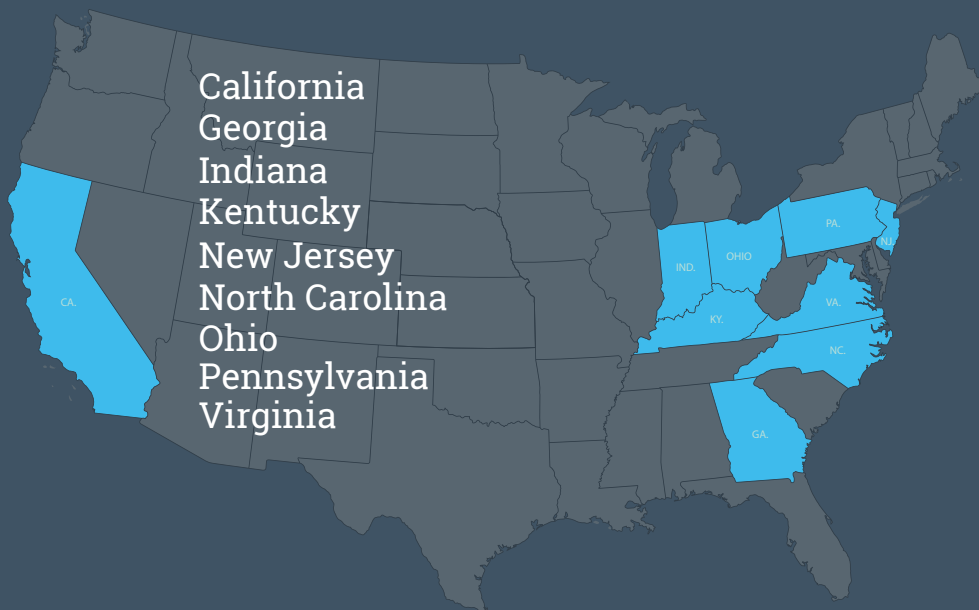

- Headquartered in Mt. Laurel, NJ
- Experts in the field of addiction treatment with almost 20 years of experience
- One of the largest providers of opioid treatment services in the USA
- Proud to serve 35,000+ people yearly
- Fully dedicated to making recovery possible for the people, communities, and the families we serve

We provide:

- Outpatient Opioid Treatment Programs (OTP)
- Inpatient Residential Treatment Centers (RTC)
- Detoxification: Medically monitored inpatient service; Non-hospital based, short term care; 24/7
- Inpatient rehabilitation: Medically monitored service with 24 hour per day activity regimens that address addiction and living skills problems
- Low-Intensity Residential (LIR): 24/7 program designed to foster recovery skills and community re-integration
- Partial Hospitalization (PHP): Broad array of clinically intensive services provided in a structured outpatient environment
- Sober housing as a part of our PHP and LIR programs
- Intensive Outpatient Care (IOP): Range of treatment that is provided on a weekly basis; less intensive service than partial and residential treatment
- Medication Assisted Treatment (MAT), including Methadone, Suboxone, Vivitrol, and other medications
- Individual, family, and group counseling
- Physical exams and lab work

Pinnacle Treatment Centers is growing and adding locations throughout the United States.

Residential, Outpatient, and Medications for
Opioid Use Disorder (MOUD) programs available in these states.
