

PINNACLE
TREATMENT CENTERS

Annual Report
2018

Our Mission: To make recovery possible by transforming lives, communities, and families we serve with treatment that works.

Our Vision: To build a better world where lives and communities are made whole again through our comprehensive treatment of people with substance use disorder.

Joe Pritchard, CEO

Joe's mission is to help those suffering from addiction, and he brings the kind of passion that can only come from having experienced addiction firsthand. In addition to his own recovery, he is nationally recognized as a leader in the field of substance abuse treatment, with more than 40 years of experience. In his role as CEO, he uses his extensive knowledge in operations, development and strategic planning to provide patients the opportunity to restore their lives. Joe has built a team of renowned substance use disorder professionals who are committed to providing comprehensive patient treatment and care.

Because we put our patients' recovery first, Pinnacle Treatment Centers is committed to doing whatever it takes to help them on their journey toward healthier, happier lives.

We provide a full continuum of community-based care, from medication-assisted treatment and

Our Approach To Lasting Recovery

residential programs to outpatient and alumni programs. We innovate, trying new tools and treatments and keeping those the evidence says works. And we partner with regulators and payers to ensure both patients and communities have the services they need.

2018 Headlines

First Quarter 2018

[Youngstown Treatment Services Opens in Ohio to Treat Opioid-Use Disorders](#)

Youngstown Treatment Services opened for people in the Youngstown, Ohio-area. According to the Center for Disease Control (CDC) deaths from substance use continue to rise in Ohio, which is attributed to fentanyl and other illicit substances. Youngstown Treatment Services provides opioid-use disorder treatment in Youngstown and area communities and accepts Medicaid. This region has been featured in the international news due to significant deaths from lethal opioids. Local officials applaud this new facility. Outpatient treatment enables individuals to receive care immediately, on their own terms, and with a program that aligns with life's challenges. Youngstown Treatment Services offers a convenient schedule for people to fight this disease real time and is opened six days weekly. Pinnacle hosted an Open House for the public and ribbon cutting on February 15, 2018.

[Drug Treatment Clinic Chain Opens in Chillicothe, Ohio](#)

The clinic, located at 606 Central Center, partners with a local doctor and two counselors to provide drug treatment services to the area.

[Dayton Treatment Services Opens in Ohio to Treat Opioid-Use Disorders](#)

Dayton Treatment Services opened and is treating people in the Dayton-area. Dayton Treatment Services provides opioid-use disorder treatment in Dayton and area communities and accepts Medicaid. This region, and Montgomery County specifically, has been featured in the international news due to significant deaths from lethal opioids. Local officials applaud this new facility. An open house took place on February 9, 2018.

[West Side health center to combat opioid epidemic in Greater Cincinnati](#)

Pinnacle-Covedale Treatment Services recently opened in a Westwood shopping center to provide treatment for patients battling drug addictions.

Heroin and opiate abuse have reached epidemic levels in Greater Cincinnati, and the outpatient facility at the Glenway Crossing Shopping Center offers medication-assisted treatment using either Methadone or Suboxone. Vivitrol will be an option in the future.

2018 Headlines

Second Quarter 2018

[Pinnacle Treatment Centers acquires Family Counseling Center in Virginia](#)

Pinnacle Treatment Centers acquired the Fredericksburg and Richmond locations of the Family Counseling Center for Recovery. These new locations for Pinnacle will accept Medicaid, consistent with its locations elsewhere, and will expand treatment options in Virginia.

[Zanesville Treatment Services Opens in Ohio](#)

Zanesville Treatment Services, part of Pinnacle Treatment Centers, opened at its location at 1590 Coal Run Road, offering outpatient treatment for those diagnosed with Opioid Abuse Disorder. The newly renovated facility serves all comers, male and female. ZTS is the only Zanesville facility to offer methadone treatment. It also offers Suboxone treatment. The outpatient facility, which includes on-site nurses and physicians, has the ability to handle up to 600 patients at full capacity and accepts third-party insurance and Medicaid.

There are no residency restrictions.

2018 Headlines

Third Quarter 2018

[Recovery Works Residential Addiction Treatment Center Opens in London, Kentucky](#)

Pinnacle Treatment Centers announced the opening of Recovery Works London, a new facility providing treatment for substance use disorder. The new center offers treatment across a full continuum of care including medically monitored detoxification, residential treatment, and intensive outpatient programs. With 32 beds, Recovery Works London has approximately 40 employees and accepts most major insurance and Medicaid. Pinnacle Treatment Centers has operated in Kentucky for 5 years and has worked closely with officials on expansion of services and locations.

2018 Headlines

Fourth Quarter 2018

Drug treatment office opens in Van Wert, Ohio

A new substance abuse facility opened its doors in Van Wert, Ohio, with a ribbon cutting ceremony. Pinnacle Treatment Centers recently located in what was formerly Groups at 927 Fox Road. Pinnacle Treatment Centers accept Medicaid payments — something that should make treatment more cost-effective for area residents trying to break the cycle of opioid addiction.

Pinnacle Treatment Centers Expands Ohio Substance Abuse Recovery Network with Opening of Toledo Location

New Center to Offer Range of Treatments Combating Addiction

Pinnacle Treatment Centers announced the opening of a new treatment center in Toledo. The center was our 26th location in Ohio. We are dedicated to helping those struggling with substance use and addiction recovery, and will continue to do so, at the new Toledo Treatment Services facility, located at 115 S Reynolds Road in West Toledo. The new facility opened as part of a major statewide expansion of residential and outpatient treatment centers. It accepts most major insurance policies and Medicaid. Toledo Treatment Services employs a flexible, but rigorous, program providing a range of evidence-based treatment options including: individual and group counseling, educational classes, and support groups. The center is also equipped with methadone and buprenorphine to provide effective medication-assisted treatment.

Pinnacle Treatment Centers Helps Ohio Citizens Suffering from Addiction by Adding 17 Opioid Recovery Practices

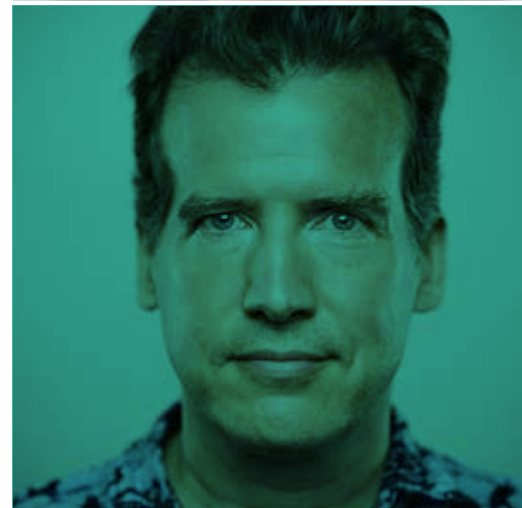

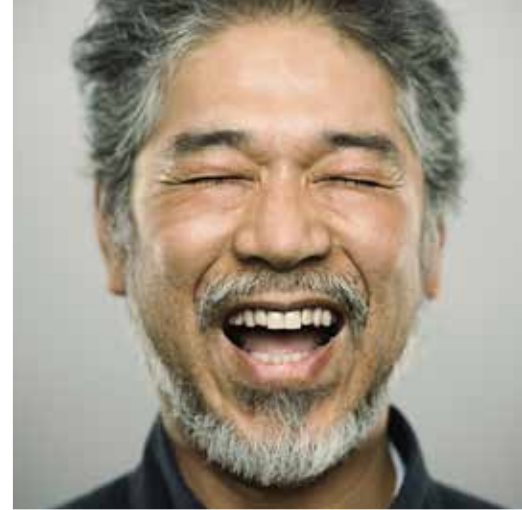

Pinnacle Treatment Centers announced it will be accepting Medicaid after the acquisition of 17 opioid practices. These practices provide therapy, medication assistance and group counseling to assist people suffering from opioid addiction in Ohio and to help them regain control of their lives. Previously owned by Groups Recover Together, the new locations operate under the new name Pinnacle Treatment Services.

We are:

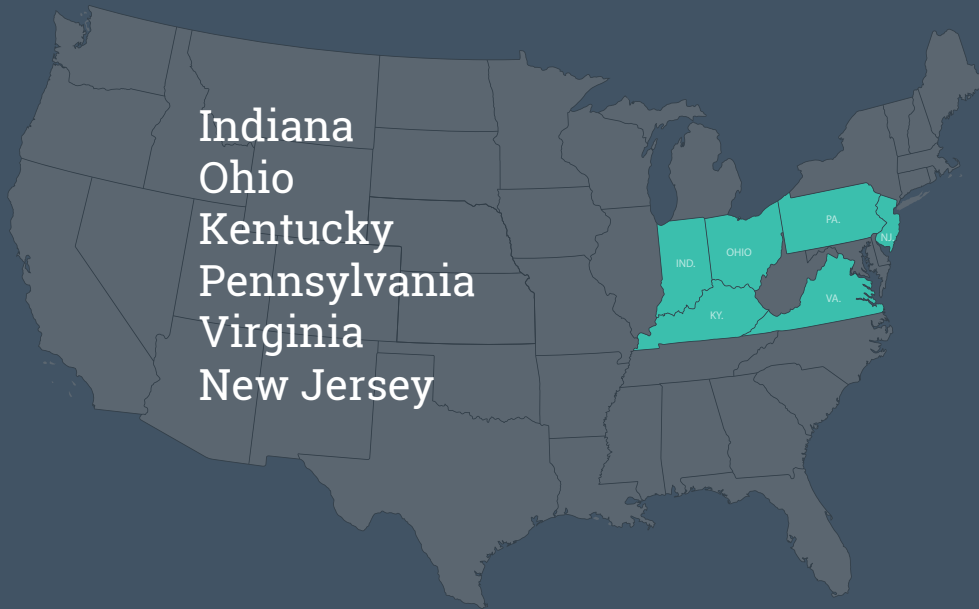

- Headquartered in Mt. Laurel, NJ
- One of the largest treatment providers of opiate treatment services in the USA
- Largest Opioid Treatment Program (OTP) group in PA
- Largest Medication Assisted Treatment (MAT) program in NJ
- Leading in-network provider of residential services in NJ
- Largest OTP provider in NJ
- Largest OTP provider in KY
- Largest integrated substance abuse treatment provider in KY

We provide:

- Outpatient Opioid Treatment Programs (OTP)
- Inpatient Residential Treatment Centers (RTC)
- Detoxification: Medically monitored inpatient service; Non-hospital based, short term care; 24/7
- Inpatient rehabilitation: Medically monitored service with 24 hour per day activity regimens that address addiction and living skills problems
- Long-term residential treatment: 24/7 program designed to foster recovery skills and community re-integration
- Partial Hospitalization (PHP): Broad array of clinically intensive services provided in a structured outpatient environment
- Intensive Outpatient Care (IOP): Range of treatment that is provided on a weekly basis; less intensive service than partial and residential treatment
- Medication Assisted Treatment (MAT), including Methadone, Suboxone and Vivitrol
- Individual, family, marital, and group counseling
- Physical exams and lab work

Pinnacle Treatment Center is growing and adding locations throughout the United States.

Residential and Outpatient programs available in these states.
