**National Addiction
Professionals
Day!**

Tuesday, September 20, 2022 | 2-4 p.m.

Hamilton Treatment Services

8500 Bilstein Boulevard | Hamilton OH

Refreshments will be served.

Hamilton Treatment Services provides medication-assisted treatment (MAT) utilizing methadone, buprenorphine, Vivitrol, and individual and group counseling. Patients learn coping strategies to manage their addiction; receive vocational, parenting, social and life skills counseling; and benefit from wrap around services such as case management and peer support. Gender-specific groups available as well as specialized programming for pregnant women and new mothers. Medicaid and commercial insurance accepted; reasonable self-pay rates available.
